Practitioner Dispensary Program

Welcome to Goldthread Herbal Apothecary's Practitioner Dispensary Program. Below you will find information about our program. Please feel free to call us or stop by if you have any questions. Thank you for considering us, and we hope we can be a beneficial adjunct to your health practice!

Inventory

We offer a full line of high quality Organic dried Western & Chinese herbs, liquid extracts, and Chinese, Western, & Ayurvedic granules and powders for practitioners to draw from for their clients needs. A list of these is available upon request. We are happy to add to the list if there is an herb you do not see that you would like us to carry. Bulk herbs can be ground and capsuled in quantities of 100. Liquid extracts can be mixed in 1oz., 2oz., 4oz. or 8oz. sizes. Custom oils and salves can be formulated for external conditions. We also carry a full line of high quality herbal supplements skin care, and whole food vitamins for your clients needs.

Patient Database

We keep a database both on paper and on our computer of all patient formulas, which is kept private. Practitioners have the ability to call or email in new formulas, or refer to formulas that have been requested in the past. We keep track of each time a formula is refilled for your records.

Payment

We offer a number of different options for payment.

1. Patients pay the practitioner directly, and we charge the practitioner. We keep the practitioners credit card # on file for payment.
2. We keep a credit card # on file for each patient to charge when a formula is called in. (or the cc# can be called in with the formula each time)
3. Patients can pay and pick up formulas at the Apothecary. Practitioners are held responsible for payment if a patient does not pay for/pick up their formula after it has been made.

Practitioner Discount

All practitioners enrolled in the dispensary program receive a 20% discount on all formulas (please note, this discount does not extend to other items in the store). We send you a rebate check each time the discount reaches \$50.

Drop Shipping

We drop ship formulas to patients daily for a nominal fee. Local shipping takes approximately 1-3 business days.

Professional standards

We are a licensed facility that passes all health codes. We always practice standard sanitary procedures. All patient information is kept private, and our service is always friendly and professional. Please feel free to let us know any way in which we can serve you better!
